OBJECTIVE

This fund's objective is to seek capital appreciation over the long-term coupled with dividend income. It invests primarily in common shares and convertible securities of Canadian companies and preferred shares that pay regular income. The fund's investments are diversified across industry sectors. Any change to the fundamental investment objective must be approved by a majority of votes cast at a meeting of unitholders held for that reason.

The information contained on this page is related only to the designated fund or funds shown above. As part of a BMO Life Assurance Company policy, you do not purchase units in this designated fund or a legal interest in any security.

Past performance is no guarantee of future performance. All returns are historical annual compounded total rates of return and reflect changes in yield and distributions reinvested. Managed Indexed, Managed Portfolios and Market Indexed accounts credit an interest amount mirroring the net rate of return of a specified underlying investment, less a BMO Life Assurance Company daily management fee. These rates of return do not reflect the current BMO Life Assurance Company management /universal life fee which must be taken into consideration when determining the net return earned on the account.
